Message from **Managing Director**

“

We are perfectly poised to reduce delivery times, enhance productivity and delight customers – all at the same time. ”

BLS International is driven by an innate belief in excellence and a relentless desire to deliver top-notch services. It is our goal to provide easy, innovative and agile solutions to citizens across the globe, and create a differentiated service proposition. The fiscal year 2019-20 has been a notable year for us at BLS International. On the back of our agile and resilient business model and our ability to effectively implement strategies & restructure our business, we were able to turnaround all our business segments into profit making businesses.

This achievement comes at a time when the world faces unprecedented challenges due to the outbreak of COVID-19. The pandemic continues to take a heavy toll of lives and livelihoods, around the world. It has also caused significant disruptions to business continuity and economic activity, plunging major economies into recession. In difficult times such as this, what matters is our ability to reimagine the future together and take strides to achieve our goals amidst challenges.

Further, to adapt to a 'new normal', we are constantly innovating advanced solutions to improve the efficiency of services and launching initiatives to cater to a global customer base.

DRIVING GROWTH STRATEGICALLY

BLS remains poised to explore new horizons with its continuous expansion in citizen and front-end services. Leveraging our existing capabilities, we are enthused to deepen our presence in Tech enabled Government to Citizen Services. Our strategic ability to deploy a robust technology platform, engage agile proprietary processes and utilize the expertise of our trained staff enables us to seamlessly execute projects year after year.

Given the success of the citizen services project in Punjab, efforts to replicate the

model in several other states continue. The government's keen interest in our e-service ecosystem has opened up significant opportunities in this realm. As the government shows intent and commitment to accelerate the adoption of online platforms for citizen services, we stand to gain from an opportune landscape as partners in India's digital growth story.

During the year under review, we continued to leverage our expertise and our extensive network to take banking facilities to the unbanked rural population. We have been awarded a project by State Bank of India to establish a robust network of financial services to remote areas, ensuring last mile delivery of services to areas with limited or no access to such a service. We have strategically established a distinct proposition by constantly increasing our service offerings and opening more branches in remote areas. We also continue to record a significant increase in the volume of transactions, year after year, and foresee significant opportunities for growth, going forward.

PERFORMANCE REVIEW

The Company remained well on track to deliver positive performances during the first three quarters of FY20. But, the COVID-19 outbreak somewhat impacted revenues in Q4 due to countrywide lockdowns and travel restrictions. In FY20, the company recorded a revenue of ₹ 786 crores, as compared to ₹ 804 crores in the previous year. Our EBITDA stood at ₹ 83 crores and Profit after tax stood at ₹ 52 crores in FY20.

As the world continued to fight a global pandemic, visa and consular services in some countries like China and Russia remained suspended from early Q4FY20. In other countries, operations completely stopped towards the end of March. BLS Kendras in India were also shut down

during the ensuing lockdown.

To successfully overcome impediments and reduce the impact on our financials, we have optimized costs by rationalizing rent and operational expenses. Further, we became a zero debt company and reduced our trade receivables to end the year with robust cash and a healthy bank balance of ~₹ 240 crores. With a strong liquidity position, we endeavour to meet business requirements with adequate cash flow.

Our asset light business model helps to focus on better returns and enables efficient capital utilization. Besides, our projects entail direct collections from customers, making BLS a cash accretive business.

FUTURE FOCUS

After the phenomenal success of the Punjab citizen services project and Starfin, new avenues of growth have opened up for BLS. With other states looking to replicate the Punjab model to enable greater efficiency in government processes, as a specialized outsourcing partner, we are perfectly poised to reduce delivery times, enhance productivity and delight customers – all at the same time.

The global citizen services space is also relatively untapped and in the absence of a large scale organized player in this segment, BLS is perfectly poised to deepen its reach in an extremely opportune field. Balancing its integrated service portfolio, exceptional capabilities and experience to deliver world-class services, BLS is well placed to tap into a burgeoning tech enabled Government to Citizen Services market.

Nikhil Gupta

Joint Managing Director's Message

“
We recognize our potential to deliver cutting-edge solutions that encourage efficiency and enhance productivity
”

Dear Shareholders,

FY 2019-20 proved to be a dynamic and promising year for BLS as we continued to strengthen our focus on customer experience, technological investments and our portfolio of offerings - all of which play pivotal roles to sustain our position as a leading Visa Processing and Tech Enabled Government to Citizen services player.

The digital revolution in India is gaining ground as rampant technological shifts are evident across domains. As technology and infrastructure is upgraded and moulded to meet the emerging needs of retail, enterprise and sovereign customers, the focus on citizen services, smart cities and other endeavours to

create the foundations for a truly Digital economy continues to be shaped. The prevailing macro environment has also opened up new vistas of growth for your Company – especially on the back of our strong technology and processes.

With an increasingly tech-savvy customer base, the need for real/near real-time fulfilment has risen significantly. Your Company recognizes this requirement and aspires to innovate and invest in solutions that exceed expectations and improve customer experiences.

BUILDING A STRONG FOUNDATION

BLS International remains perfectly poised to capitalize on emerging opportunities as we recognize our

potential to deliver cutting-edge solutions that encourage efficiency and enhance productivity. Globally, most services offered by governments to consumers are still semi-automated with low penetration of advanced technology. To constantly delight customers with our superior services, we have launched a Mobile Biometric system, Prime Time visa appointment facilities and other allied services to seamlessly conduct complex tasks and thereby, contribute towards greater operational eloquence. We remain cognisant of our client's concerns, understand what they value and accordingly, align our services to deliver what they aspire for.

We are constantly improving our processes and fortifying existing systems

to deliver convenient services to our vast clientele. Recently, we have upgraded appointment systems in Morocco to check no-shows against available slots. After making an appointment from the BLS site, applicants need to make prepayments through banks to confirm the appointment within 3 days. Similarly, in Algeria, we have implemented a 2-way authentication system for online bookings to ensure maximum data security. Moreover, we are constantly monitoring service standards with regular feedbacks from customers.

IMPROVING OUR FORAY

Our contract with the Spanish mission entitles us to manage 122 citizen and consular service centres in 47 countries. We have also scaled our presence in Russia and China, establishing 28 centres in Russia and 15 in China on behalf of the Spanish mission. Visa application centres for Portugal have also been rolled out in Russia. Our unique solution transfers biometric data and other personal information of applicants directly to the Portuguese ministry's servers in real-time without human intervention. It allows the local mission to process applications faster and significantly reduces turnaround time.

Apart from this, we have started the Vietnam Visa application centre in Turkey, Brazil Visa application centre in Lebanon, and Morocco Visa application centre in India. Besides, BLS is also offering Tawseel services in the UAE.

BLS has also entered into a contract with the Ministry of Foreign Affairs in Italy and commenced operations for the processing of Italian visa applications in Singapore. With provision for additional services to cater to customer comfort, we have created Premium Lounges for our valued patrons and offer photocopy, courier, translation, mobile biometric and other allied services.

“
Skills, talent and constant devotion to deliver exceptional service that motivates us to chart new trajectories of growth and scale higher peaks of success”

Resting on our expertise in multilingual service for call centres, we were awarded another prestigious project to represent France in Jordan. We have also been chosen as the only authorized entity for handling 'Attestation and Legalization Services' for the embassy of Vietnam in India. We are also processing visa applications for people travelling to Vietnam, through 15 centres in India.

As BLS continues to scale its operations, building a formidable portfolio of operations, its customer-centric attitude and the zeal to outperform enables it to deliver impressive growth year after year.

REACHING BEYOND WITH OPTIMISM

Our agility and competence are manifested in the strength of our employees- the true ambassadors of brand BLS. It is their skills, talent and constant devotion to deliver exceptional service that motivates us to chart new trajectories of growth and scale higher peaks of success. Together, we remain optimistic about overcoming hurdles, especially the immediate challenges posed by the COVID-19 outbreak to

continue our enduring journey of excellence.

At BLS International, we are aware of an evolving opportunity landscape and it prompts us to challenge the status quo, reinvent our capabilities and constantly learn from our experience. While this keeps us on the right path to derive profitable growth, it also allows us to set benchmarks for the industry. Going forward, we aspire to strengthen our technological expertise, efficiently manage resources and create a stronger presence in newer as well as existing territories.

At the moment, we are paving the way forward and looking beyond imminent challenges. Before I conclude, I would like to convey my sincere appreciation to our people. On behalf of the Board and the entire leadership team, I express my gratitude to all our customers, colleagues, business partners, shareholders and the wider community.

Best regards,

Shikhar Aggarwal,
 Joint Managing Director

MAJOR CONTRACTS

We entered into a contract with the government of Spain to manage 122 centres in 47 countries, on behalf of the Spanish mission. We also helped to scale Spain's presence in Russia and China, with 28 and 15 branches respectively. Our operations also increased Spain's share in the overall Schengen visa pool.

We entered into a contract with the Ministry of Foreign Affairs, Italy and commenced operations for the processing of Italian visa applications in Singapore. We established a world class center equipped to cater to customer convenience and offer exclusive services including a Premium Lounge and specialized services for photocopying, courier, SMS alerts and taking photographs for passports and visas under one roof.

We were awarded another prestigious project to represent France in Jordan. With an unwavering commitment to deliver exceptional experiences to our clients, we offered multi-lingual services (Arabic, English and French) that helped us to deepen our engagement with clients.

We entered into a contract with the embassy of Vietnam to accept visa applications in India. We have been authorized as the sole entity to handle 'Attestation and Legalization Services' for the embassy of Vietnam in India.

CHALLENGES FOR NEW PLAYERS

- Strict compliances and qualifications – Due to stringent compliance and qualification requirements, very few global players have been able to win large outsourced visa processing contracts, thus offering a huge opportunity for an established player like BLS
- Long gestation period – Procurement of visa process outsourcing/service contracts generally take up to a year or longer depending on the contract size
- Past experience and expertise - Past performance/ references in the field of Consular outsourcing are mandatory to pass Request For Information (RFI) phases and final selection
- Security clearances - Government security clearances can be a factor to exclude service providers from the final selection
- Strict technical & financial qualification - Companies with a strong financial position are preferred due to their robust technical infrastructure and their ability to provide maximum data security

GROWTH DRIVERS

- With rising globalisation, the number of cross border travellers is projected to grow to 1.8 billion by 2028, providing a significant boost to the sector
- Growing cross-border tourism is anticipated to enhance the need for outsourced consular and visa services, resulting in more opportunities in the segment

- Outsourced services benefit diplomatic missions with improved cost-efficiency and greater productivity, increasing preference for such business models

OUTLOOK

Taking into consideration the strict compliance and qualification requirements, only a handful of global players in this segment have acquired large-scale, outsourced visa processing contracts. However, for established players like us, our experience and expertise in the sector keeps us buoyant and perfectly poised to capitalize on growth opportunities. With our systematic approach and strategic initiatives, we continue to be a preferred partner for our stakeholders.

Business Segment Overview – **Tech enabled Government to Citizen Services**

We at BLS International, offer unmatched capabilities through our tech enabled Government to Citizen services vertical. Banking on our state-of-the-art infrastructure, the expertise of our talented workforce and the use of contemporary technology, we have designed secure, sophisticated and well-appointed Citizen Service Centres.

Today, we are a trusted partner for Tech enabled Government to Citizen Service across the world. Central, regional as well as local governments collaborate with trusted external partners like us to procure cost-effective and superior quality services tailored to individual requirements. It not only empowers them to reduce identity frauds and fortifies their effort to ensure national security

and governance, but it also enhances access to various services within strict operational frameworks. Outsourced services also allow governments to reduce their workload and focus on accurately assessing crucial documents, thereby facilitating ease of operations.

Over the years, BLS International has established a firm footing as a preferred

service provider, offering customized citizen services with a strict focus on stringent quality control and efficient process handling. Our centres deal with document collection and application to offering solutions for secure enrolment of biometric data, e-visas, registrations, permits and other administrative tasks.

TYPICAL PROCESS FLOW FOR TECH ENABLED GOVERNMENT TO CITIZEN SERVICES

MAJOR CONTRACTS

- We were awarded the first international Citizen Services contract by the Embassy of Afghanistan in 2017
- We have opened Citizen Service centers (CSC) in Gulf countries including UAE and Saudi Arabia for citizens of Afghanistan
- We work closely with UAE Ministry of External Affairs to provide customized solutions
- We are also working with the state government of Punjab to deliver front-end services to Indian citizens, thereby enhancing citizen convenience

GROWTH DRIVERS

- The government of India has undertaken several initiatives to provide attractive opportunities in the e-service ecosystem
- The government has also shown intent and commitment to accelerate the adoption of online platforms for providing Citizen Services
- To expedite and realize the vision of a Digital India, the Government is

prioritizing solutions and services from specialist service providers

- Central, as well as state governments, are undertaking initiatives to render public services with ease and efficiency

OUTLOOK

Citizen services offered by governments are mostly semi-automated and in the absence of cutting-edge technology, procedures can be time consuming and inconvenient. We believe, specialized partners like BLS International can completely transform procedures, reduce delivery time, increase efficiency and enhance customer delight. It will not only improve the government's image in the eyes of its citizens, it will also add to the credibility of government services. After the successful implementation of the Punjab e-governance project, several states like Haryana, Delhi and Orissa is looking to replicate the same, placing us in an advantageous position to benefit from growth opportunities.

ENCOURAGING DYNAMISM

Our agile practices, ability to adapt and adopt to evolving circumstances enable us to implement plans and execute projects faster than others in the domain and it helps to keep our employees engaged, enthused and excited. It not only caters to the development of our organization but, also helps to fulfil objectives with greater ease. We also understand the importance of fostering clear channels of communication between the management and our employees and therefore, encourage dialogue across organizational verticals.

CREATING A FUTURE-READY WORKFORCE

We offer our employees a dynamic and inclusive working environment with

plenty of opportunities to grow. We recognize that it is crucial to attract and retain talented people to sustain our competitive edge and create a future-ready workforce. Therefore, along with seeking new talent, we provide existing employees with ample opportunities to upgrade and improve their skillsets.

At BLS, we offer on-the-job-trainings, virtual learning channels and classroom training. We have also implemented the Learning Management System (LMS), a software application used to plan, execute and assess specific learning processes. We also develop leadership programs for our employees, organize digital workshops, mentoring, and other training programs to help our people acquire new skills and knowledge.

OUR RESPONSE TO COVID-19

As the Covid-19 pandemic disrupted lives and businesses alike, in India and the rest of the world, at BLS International we aligned to our people philosophy to ensure the safety and wellness of our people. We undertook the following initiatives –

- Implementation of social distancing norms
- Sanitization and disinfection of BLS Centers across the globe
- Mandatory use of face masks and hand sanitizers
- Disinfection of biometric machines and other commonly touched surfaces

Bridging the social divide

BLS International realizes that business profits alone do not define the success of an organisation. We believe in the holistic development of society, ensuring progress in every sphere of the social strata.

At BLS International, we are committed to our CSR goals not just as an organisational objective but as a way to positively impact communities in which we operate. Our CSR strategy reflects our efforts to inspire and connect people while investing in real and measurable actions to ensure sustainable change across social and economic divides. We continue to partner with NGOs and leading industry players to deliver unique solutions aimed at empowering lives.

OUR CSR ACTIVITIES BROADLY COVER THE FOLLOWING AREAS:

Skill Development modules

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY OVERVIEW

Global Tech Enabled Government to Citizen (G2C) Services Landscape

Every industry and government is facing digital disruption across the globe. The goal of G2C is to provide one-stop, online access to information & services to Citizens so that they are able to find and access what they need with ease. The public expects the agility and efficiency found in the private sector, for the governments to get more private players with the skills, to participate, and meet these requirements to grow economies.

Presently, services offered by the government are still semi-automated with a low penetration of cutting-edge technologies, leading to slow and inefficient delivery. Today's citizens are seeking the same conveniences they've become used to in their experience as consumers, for example improved efficiency and optimized interactions across mobile, social and web. This has led to an increased demand for outsourcing to a specialized partner that reduces delivery time, increases efficiency and leads to customer delight which in turn enhances government image and national brand.

The Government to Citizen (G2C) Services market is increasingly developing as an imperative in the business largely owing to the increasing use of data, increased business collaborations, compliance mandates, and government regulations. This assistance offered by specialist service providers including integration, support, and training, has availed the industries for the best practices, which has ensured a burgeoning market. The extensive need for enterprise-wide management systems is encouraging transparency among the systems, which is augmenting the overall demand across the globe. Moreover, with the increasing demand coupled with cost efficiency and better security features.

Indian G2C Services Landscape

In the last few years there has been a massive explosion in information technology the world over. The confluence of electronics and telecommunications has opened new vistas of transmission, storage and retrieval of information as never before. These are being increasingly used for decision-making, not only in the corporate world but even in public administration. The increasing population and the massive burden on civic amenities and the socio-economic infrastructure is unimaginable. With this transformation, e-Governance becomes not only a necessity but an integral part of every nation. In India, e-Governance initiatives have traditionally been confronted with the dual challenges of automating government departments and taking online services to the common man.

e-Governance has moved beyond government departments. It has now become about transforming the way governments work and reinvent people's participation in the democratic process. e-Governance provides a platform to integrate solutions and services between Government-to-Citizens (G2C), Government-to-Business (G2B) and Government-to-Government (G2G), empowering both the government and the citizen like never before.

According to a research conducted by McKinsey, an average Indian user currently consumes more than 8 GB of mobile data per month, which exceeds the average in more digitally advanced countries such as China and South Korea. It is projected that India will witness an increase in the number of internet users to 800 million³ by 2023 driven by the increasing availability and decreasing cost of high-speed connectivity and smartphones. The Digital India initiative undertaken by the government is bringing broadband internet access to 250,000-gram panchayats, or self-governing

village councils, to make it easier for millions to connect online. With a strong foundation of digital infrastructure and expanded digital access through Digital India Programme of the Government, India is now poised for the next phase of growth creation of tremendous economic value and empowerment for citizens as new digital applications permeate sector after sector. The country can create up to \$1 trillion of economic value from the digital economy from \$200 billion currently by 2025. Improving the trust between governments and citizens is fundamental to good governance and Information and Communications Technology (ICT) is progressively becoming an essential tool for promoting accountability, convenience and transparent governance. Governments around the nation are pushing hard to leveraging solutions and services from specialist service providers to realize the vision of Digital India. From utilizing ICT for elections, census, computerizing all the government offices, to digital lockers e-Transportation, e-Health, e-Education and e-Taxation, the new India has paved its way in the realm of e-Governance.

The government is working with stakeholders, to build India on this digital dynamism to deepen, widen, and scale up its digital economy in the coming years, creating huge economic value and empowering millions of people across all walks of life. The impressive number of more than 1.25 billion Indians⁴ already enrolled for the government's biometric digital identity programme. Aadhaar, is one of the examples of the digital amplification bringing massive number of users onto a common digital platform.

Driven by technology, e-Governance is transforming citizen services by providing access to information, integrating various systems and services between government and citizens, thereby empowering and enhancing citizen's social, environmental and economic

values. With private players collaborating with the government in fostering a digitally empowered India, it is likely to see efficient and safer modes of functioning at different levels.

Land record registration service

In India, land ownership is primarily established through a registered sale deed (a record of the property transaction between the buyer and seller). Other documents used to establish ownership include the record of rights (document with details of the property), property tax receipts, and survey documents. Governments outsource these procedures to various third part expertise such as BLS International in order to improve the quality of land records and making them more accessible. The government seeks to achieve complete computerisation of the property registration process and digitisation of all land records. Third party expertise such as BLS International, with its latest technology, helps in achieving this goal and ensures smooth functioning of services.

Global Tourism Industry Overview

Travel and tourism directly contributed approximately US\$ 8.9 trillion¹ to the

global GDP in 2019, comprising 10.3% of the global GDP. Approximately 1.5 billion international tourist arrivals were recorded in 2019, globally, indicating a 4% growth of the industry². Tourism plays a crucial role in a country’s economic growth and around 10% of all jobs in the world are supported by the tourism industry, in some way or the other. The industry created 330 million jobs in 2019.

In 2019, international arrivals increased. The Middle East emerged as the fastest growing region for international arrivals, recording a growth of 8%, followed by Asia and the Pacific region at 5%, showing above-average growth. International arrivals in Europe and Africa increased in line with the world average, at 4%, America saw a growth of 2%. However, uncertainty surrounding Brexit, geopolitical and social tensions and the global economic slowdown contributed to slower growth in 2019, compared to the exceptional rates of 2017 and 2018. Demand growth also weakened, mainly in advanced economies and particularly in Europe.

COVID-19 has significantly impacted the global tourism industry in 2020 and, presumably, the impact will be seen in the years to come. As countries are

implementing severe travel restrictions to curb the spread of the pandemic, national and international tourism has come to a drastic halt. 96% of all worldwide destinations have introduced travel restrictions, as of 6th April, 2020. It is estimated that the global revenue for the travel and tourism industry will drop by 34.7% in 2020, with Asia forecast to see the gravest overall decrease in revenue as well as the highest employment loss in the entire industry.

With over 90% of the world living in countries with travel restrictions, the Covid-19 pandemic has brought travel to a standstill. While it is fairly known that the pandemic has bruised many-a-industries, it has etched a scathing impact on global tourism, which in fact accounts for ~10% of the global GDP. Given the wide-spread restrictions on travel globally, World Tourism Organization (UN’s specialized agency for tourism (UNWTO), has predicted a 20-30% decline in international tourist arrivals in comparison to previous year. Going forward, the tourism sector as a whole, including travel companies and airlines, face an unprecedented challenge in the face of Covid-19 and is likely to experience slowdown in the short to medium term.

d) Details of Audit Qualification on Consolidated Financials by Statutory Auditor:

The Auditors' Report for the financial year ended 31st March 2020, contain following qualification or reservation or adverse remark:

"We draw attention to Note 3 to the Consolidated financial results, wherein other income includes profit on sale affixed assets (property, plant and equipment) amounting to ₹ 3382.80 lakhs. The Punjab Government has terminated master service agreement with three Indian Subsidiaries (i.e. BLS E-Services Private Limited, BLS E-Solutions Private Limited and BLS IT Services Private Limited) vide its letter dated January 30, 2018. As per the terms of contract, these Companies have to transfer the fixed assets (hardware infrastructure) at the net block (Procurement price less depreciation as per provision of the Companies Act, 2013) of the assets. The Companies have accordingly handed over the hardware infrastructure to the authority and transferred these at the net block based on their understanding of the master service agreement by taking the life of these assets of 5 years and have accounted profit on such transfers. The companies have communicated the basis of arriving at the net block to the authority which is pending final acceptance by them."

Pending final acceptance by the authority, we are unable to comment on recognition and accounting of profit on sale of fixed assets.

Management View on Audit Qualification:

The Company has physically transferred the fixed assets to the Government of Punjab on termination of the contract. These have been invoiced to the Punjab Government at cost, as defined in the contract, less depreciation provided over the period of the contract. This has been explained to the Punjab Government and waiting for their final approval.

For the financial year ended 31st March, 2020

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
BLS International Services Limited
G-4B-1 Extension, Mohan Co-operative Industrial Estate,
Mathura Road, New Delhi.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by BLS International Services Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the BLS International Services Limited books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by BLS International Services Limited ("the Company") for the financial year ended on March 31, 2020 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;

- (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and amendments from time to time;
- (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; (Not applicable to the Company during the audit period)
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (Not applicable to the Company during the audit period)
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not applicable to the Company during the audit period) and
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (Not applicable to the Company during the audit period)

We have also verified the compliances of the Company with the other statutes, which are specifically applicable to the Company, as reported by the management thereof, except to the extent the same were in the scope of work of the Statutory Auditors and/or Internal Auditors.

We have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards of The Institute of Company Secretaries of India with respect to board and general meetings were specified on 1st July, 2015.
- ii) SEBI LODR (Listing Obligations and Disclosure Requirements) Regulations, 2015

Report on Corporate Governance

The Directors present the Company's Report on Corporate Governance pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. BLS International Services Limited is dedicated to put in place a formalised system of Corporate Governance. Its governance framework enjoins the high standards of ethical and responsible conduct of business to create value for all stakeholders.

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE AND CODE OF CONDUCT

(a) Company's Philosophy on Code of Governance

The Companies' policy on Corporate Governance is a reflection of our value system encompassing our culture, policies and relationship with our stakeholders. Integrity and transparency are key to our corporate governance practices to ensure that we gain and retain the trust of our shareholders at all time.

The Company's governance framework is based on the following principles:

- Appropriate composition and size of the Board, with each member bringing in expertise in their respective domains;
- Availability of information to the members of the Board and Board Committees to enable them to discharge their fiduciary duties;

- Timely disclosure of material operational and financial information to the stakeholders;
- Systems and processes in place for internal control; and
- Proper business conduct by the Board, Senior Management and Employees.

The Company's corporate governance practices and disclosures are in compliance of the requirements placed under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time ("LODR").

(b) Code of Conduct

In terms of the requirement of Regulation 17(5) (a) of LODR (earlier Clause 49(II) (E) of the Listing Agreement) & Section 149(8) read with Schedule IV of the Companies Act, 2013, the Board of Directors of the Company, in line with the Corporate Philosophy, laid down the Code of Conduct ("Code") for all Board Members and Senior Management of the Company. The Code is displayed at the Company's website at <https://www.blsinternational.com/bls-policies.php>. Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming

our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion & Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. The above information is expected to be made available to us after the date of auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the

standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016("the Order"), issued by the Central Government of India in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account;

- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015 as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its standalone financial statements.
 - ii. The Company does not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure B to the Independent Auditors' Report to the Members of BLS International Services Limited dated June 20, 2020 on its standalone financial statements

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2 (f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of BLS International Services Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls Based on" the internal control over financial reporting criteria established by the Company considering The essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These Responsibilities include the design, implementation and maintenance of adequate internal financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, Including adherence to company's policies, the safeguarding of its assets, the prevention and detection Of frauds and errors, the accuracy and completeness of the accounting records, and the timely Preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial Reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we has obtained is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- c. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls,

material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential

components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the standalone Financial Statements

for the year ended March 31, 2020

1. Corporate information

BLS International Services Limited (the 'Company') is a Public Limited Company, domiciled and incorporated in Indian Companies Act, 2013 ('the Act'). The registered office of the company is located at G-4B-1, Extension Mohan Co-operative Industrial Estate, Mathura Road, New Delhi, India.

The Company is engaged in business of providing outsourcing and administrative task of Visa, Passport and Consular services to various Diplomatic Missions across the world. The company also provides services related to attestation and apostille on behalf of Ministry of External Affairs, New Delhi (India).

The Company has its primary listings on the BSE Limited, NSE Limited and MSE Limited in India.

These financial statements were approved and adopted by Board of Directors of the Company in their meeting held on June 20, 2020.

2. a Basis of Preparation of Financial Statements

(i) Statement of Compliance :

The Financial Statements have been prepared in accordance with Indian Accounting Standards (IND AS) as prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 and relevant provisions of the Act as amended.

(ii) Basis of Preparation:

These financial statement are the separate financial statements of the company(also called the standalone financial statement) prepared in accordance with the Indian accounting standard(IND-AS) of Section 133 of the Act read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policy set out below:

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presentation in Indian Rupee (Rs) and all the values are rounded off to the nearest thousand, except number of shares, face value of share, earning per share or wherever otherwise indicated.

(iii) Functional & Presentation Currency:

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). The financial statements are presented in Indian National Rupee ('INR'), which is the Company's functional and presentation currency.

(iv) Use of Estimates:

The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

(v) Current & Non current classification:

All Assets and Liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of product & activities of the Company and their realization in cash and cash equivalent, the Company has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2. b Significant Accounting Policies for the year ended March 31, 2020

The Company has consistently applied the following accounting policies to all periods presented in the financial statements.

(a) Revenue recognition

Revenue from contracts with customers is recognized when control of the services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange

Notes to the standalone Financial Statements

for the year ended March 31, 2020

for those services. Payments from customers for the services rendered are normally received within 30-60 days.

Sale of Services

Revenue from the sale of services is recognized, when the entity satisfies the performance obligation by transferring promised service to the customers, the amount of revenue and costs associated with the transaction can be measured reliably and no significant uncertainty exists regarding the amount of consideration that will be derived from the sales of services. Revenue from the sale of service is measured at the fair value of the consideration received or receivable, net of returns and allowances and discounts.

Other Income

-Interest income

Interest income is recognized on time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head 'Other Income' in the Statement of Profit and Loss.

-Dividend Income

Dividend income is recognized when the right to receive payment is established, which is generally when shareholders approve the same

-Export Incentives

Revenue is recorded on Export incentive in the form of Service Exports from India Scheme (SEIS) on accrual basis.

- Rent Income

Income from sub-let of property is recognized on accrual basis in accordance with the sub-let agreement.

(b) Property Plant and Equipment

Property, plant and equipment are carried at cost of acquisition, on current cost basis less accumulated depreciation and accumulated impairment, if any. Cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalized and depreciated over the useful life of the principal item of the relevant assets. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a

replacement if the recognition criteria are satisfied. All other repair and maintenance costs are charge to the statement of profit and loss during the year in which they incurred.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Depreciation is provided on written down value method over the useful lives of property, plant and equipment as estimated by management. Depreciation is provided prorata basis on written down value at the rates determined based on estimated useful lives of property, plant and equipment where applicable, prescribed under Schedule II to the Act. The residual value, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year and adjusted prospectively, if appropriate. The useful life of various class of items considered in the financial statements is as under

Class of assets	Useful life (in years)
Computer	3
Office Equipment	5
Furniture & Fixtures	10
Vehicles	8
Software	3/6

(c) Intangible Assets

Intangible Assets are recognized, if the future economic benefits attributable to the assets are expected to flow to the Company and cost of the asset can be measured reliably. All other expenditure is expensed as incurred. The same are amortized over the expected duration of benefits. Such intangible assets are measured at cost less any accumulated amortization and impairment losses, if any and are amortized over their respective individual estimated useful life on straight line method.

The amortization period and the method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate.

(d) Impairment

The carrying amount of Property, plant and equipment, Intangible assets and Investment property are reviewed at the end of each reporting period to assess impairment if any, based on internal / external factors. An asset is treated as impaired, when the carrying cost of asset

Notes to the standalone Financial Statements

for the year ended March 31, 2020

exceeds its recoverable value, being higher of value in use and net selling price. An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

(e) Financial Instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Financial assets include Trade receivables, Advances, Security Deposits, Cash and cash equivalents.

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

Financial Assets at Amortized Cost

At the date of initial recognition, financial assets are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortization is included as interest income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

Financial Assets at Fair value through Other Comprehensive Income

At the date of initial recognition, financial assets are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in Other Comprehensive Income (OCI). Interest income calculated using the effective interest rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognized in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognized in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

Financial Assets at Fair value through Profit or Loss

At the date of initial recognition, financial assets are held for trading, or which are measured neither at Amortized Cost nor at fair value through OCI. Therefore, they are subsequently measured at each reporting date at fair

value, with all fair value movements recognized in the Statement of Profit and Loss.

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortized cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Investment in Equity Shares

Investments in Equity Securities are initially measured at cost. Any subsequent fair value gain or loss is recognized through Profit or Loss if such investments in Equity Securities are held for trading purposes. The fair value gains or losses of all other Equity Securities are recognized in Other Comprehensive Income.

Investments in Subsidiaries and Associates

Investment in subsidiaries and associates are carried at cost less accumulated impairment, if any.

Impairment

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortized cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognized if the credit quality of the financial asset has deteriorated significantly since initial recognition.

De-recognition

Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized."

Financial Liabilities

Borrowings, trade payables and other financial liabilities

Notes to the standalone Financial Statements

for the year ended March 31, 2020

are initially recognized at the value of the respective contractual obligations. They are subsequently measured at amortized cost. Any discount or premium on redemption / settlement is recognized in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method.

For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Offsetting of Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

(f) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of an the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair values for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 - This includes financial instruments measured using quoted prices.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. Derived from prices).

Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(g) Leases

The Ministry of Corporate Affairs (MCA) has issued the

Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standard:

Ind AS 116 Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less).

The Company intends to adopt these standards from 1 April 2019. The impact on adoption of Ind AS 116 on the financial statements is given below.

Transition to Ind AS 116

The Company is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ending or ended March 31, 2019 will not be retrospectively adjusted. The Company has elected certain available practical expedients on transition.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis from the commencement date over the shorter of the lease term and the estimated useful lives of the assets."

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. Leasehold land is amortised over a period of lease.

Notes to the standalone Financial Statements

for the year ended March 31, 2020

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liabilities and Right-of-use assets have been presented as a separate line in the balance sheet. Lease payments have been classified as cash used in financing activities."

(h) Employee Benefits

i. Provident fund

The Company makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a defined contribution plan. The Company's contributions paid/payable under the scheme is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

ii. Gratuity

Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity

is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the Statement of Profit and Loss in the year in which such gains or losses arise.

iii. Other short term benefits

Expense in respect of other short term benefit is recognized on the basis of amount paid or payable for the period during which services are rendered by the employee.

(i) Earning Per Share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

(j) Income Tax

Income tax expense comprises current tax and deferred tax. It is recognized in statement of profit or loss except to the extent that it relates to items recognized directly in equity or in Other Comprehensive Income.

- Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

Notes to the standalone Financial Statements

for the year ended March 31, 2020

- i) has a legally enforceable right to set off the recognized amounts; and
- ii) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

- Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding tax bases used for taxation purposes.

Deferred tax is not recognized for:

- i) temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

A deferred income tax asset is recognized to the extent that it is probable that future taxable profits will be available against which deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(k) Borrowing Cost

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred.

(l) Cash & Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less and which are subject to an insignificant risk of changes in value.

(m) Provisions, Contingent Assets & Contingent Liabilities:

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes. Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

(n) Foreign Currency transactions

The functional and presentation currency of the Company is Indian Rupee. Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/ losses arising on settlement as also on translation of monetary items are recognized in the Statement of Profit and Loss. Exchange differences arising on monetary items that, in substance, form part of the Company's net investment in a foreign operation (having a functional currency other than Indian Rupee) are accumulated in Foreign Currency Translation Reserve.

Notes to the standalone Financial Statements

for the year ended March 31, 2020

(o) Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(p) Operating Segments

The Business process and Risk Management Committee of the Company, which happens to be the Board of Directors performs the function of allotment of resources and assessment of performance of the Company. Considering the level of activities performed, frequency of their meetings and level of finality of their decisions, the Company has identified that Chief Operating Decision Maker function is being performed by the Board. The financial information presented to the board in the context of results and for the purposes of approving the annual operating plan is on a consolidated basis for various products of the Company. As the Company's business activity falls within a single business segment viz. 'rendering of Visa and other allied services' and the financial statement are reflective of the information required by Ind AS 108 "Operating Segments".

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Company operate.

III Significant Accounting Judgments, Estimates & Assumptions

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgments which have significant effect on the amounts recognized in the financial statements:

a) Income taxes

Judgment of the Management is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

b) Contingencies

Judgment of the Management is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not collectible. Impairment is made on ECL, which are the present value of the cash shortfall over the expected life of the financial assets.

d) Fair Value Measurement of Financial Instruments.

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Defined Benefit Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These Includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

IV) Recent accounting pronouncements

During the year Ministry of Corporate affairs hasn't issue any standard which has been applicable from April 01, 2020.

Sensitivity Analysis :

Significant actuarial assumption for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumption may be correlated. The result of the sensitivity analysis are given below:

39(C). Financial Risk Management- Objectives and Policies

The Company's financial liabilities comprise mainly of borrowings, trade payable and others payable. The company's financial assets comprise mainly of investments, cash and cash equivalents, other bank balances, loans, trade payable and other receivables.

The company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk; and
- Market risk

a) Risk management framework

The Company's board of directors has the overall responsibility for the management of these risks and is supported by Management Advisory Committee that advises on the appropriate financial risk governance framework. The Company has the risk management policies and systems in place and are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company's audit committee oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of risk management framework in relation to the risks faced by the Company. The framework seeks to identify, assess and mitigate financial risk in order to minimise potential adverse effects on the company's financial performance.

b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation, and arises from the operating activities primarily (trade receivables) and investing activities including deposits with banks and other corporate deposits. The company establishes an allowance for impairment that represents its estimate of expected losses in respect of financial assets. A default of financial assets is when there is a Significant increase in the credit risk which is evaluated based on the business environment. The assets are written off when the company is certain about the non-recovery.

(i) Trade receivables:

Customer credit risk is managed based on company's established policy, procedures and controls. The company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

Credit risk is reduced by receiving pre-payments. The company has a well defined sales policy to minimize its risk of credit defaults. Outstanding customer receivables are regularly monitored and assessed. Impairment analysis is performed based on historical data at each reporting date on an individual basis. However a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

Expected credit loss under simplified approach for Trade receivables:

(₹ in Lakh)

Ageing	As at March 31, 2020	As at March 31, 2019
Ageing of gross carrying amount		
less than 180 days	256.89	363.27

Expected credit loss	-	-
Net carrying amount	385.02	388.31

Notes to the standalone Financial Statements

for the year ended March 31, 2020

c) Liquidity Risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for maintenance of liquidity, continuity of funding as well as timely settlement of debts. In addition, policies related to mitigation of risks are overseen by senior management. Management monitors the Company's net liquidity position on the basis of expected cash flows vis a vis debt service fulfillment obligation.

Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Other financial liabilities*	203.91	-	-	203.91

* excluding current maturities on non-current borrowings and including lease liabilities.

d) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Regular interaction with bankers, intermediaries and the market participants help us to mitigate such risk.

i) Foreign currency risk

The primary market risk to the Company is foreign exchange risk. After taking cognizance of the natural hedge, the company takes appropriate hedges to mitigate its risk resulting from fluctuations in foreign currency exchange rate(s).

ii) Interest Rate Risk and Sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to debt. Borrowings at variable rates expose the Company to cash flow interest rate risk.

iii) Equity price risk

The Company does not have any investments in listed securities or in Equity Mutual Funds and thereby is not exposed to any Equity price risk.

39(D). Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The primary objective of the Company's Capital management is to maximize shareholder's value. The Company manages its capital and makes adjustment to it in light of the changes in economic and market conditions.

The Company manages capital using gearing ratio, which is total debt divided by total equity. The gearing at the end of the reporting period was as follows:

The company publishes this financial statement along with the consolidated financial statements. In accordance with Ind AS 108, Operating Segments, the Company has disclosed the segment information in the consolidated financial statements.

44. Impairment Review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets. The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations are:-

(i) Operating margins (Earnings before interest and taxes), (ii) Discount Rate, (iii) Growth Rates and (iv) Capital Expenditure

CONSOLIDATED

INDEPENDENT AUDITOR'S REPORT

To the Members of
BLS International Services Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated financial statements of BLS International Services Limited (herein referred to as "the Company" or "the Holding Company") and its subsidiaries (the Holding company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except

for the possible effects of the matter described in the basis for qualified opinion paragraph below, the

aforsaid consolidated financial statements give the information required by the Companies Act, 2013

(the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, of its consolidated profit including consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to Note 46 & 47 to the Consolidated Financial Statements, wherein in the previous year, the Group has recognized profit of ₹ 3,382.80 lakhs on sale of fixed assets by three subsidiaries [(namely BLS Eserve Private Limited (BEServPL), BLS E- solutions Private Limited (BESoIPL) and BLS – IT Solutions Private Limited (BITPL)].

The Punjab State E-Governance Society, ('PSeGS' or 'Punjab Government') has terminated master service agreement with three Indian Subsidiaries namely BEServPL, BESoIPL and BITPL vide its letter dated January 30, 2018. As per the terms of contract, these Companies have to transfer the fixed assets (hardware infrastructure) at the net block value (Procurement price less depreciation as per provision of the Act) of the fixed assets. The above mentioned three subsidiaries have

accordingly handed over the hardware infrastructure to the authority and transferred these at the net block based on their understanding of the master service agreement by taking the life of these assets of 5 years and have accounted profit on such transfer. The above mentioned three subsidiaries have communicated the basis of computing net block of the assets to the authority which is pending for final acceptance by them.

Pending final acceptance/ confirmation of the sale price of fixed assets by the Authority, we cannot comment upon the correctness of the amount receivable from the Authority.

The matter stated above were also subject matter of qualification in our audit opinion on the consolidated financial statements for the year ended March 31, 2019

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated financial statements.

Emphasis of Matter

Without qualifying, we draw attention to

- i. Note 53 to the Consolidated Financial Statements, the Company has considered internal and external information upto the date of this report in respect of the current and estimated future global economic indicators consequent to the global health pandemic.
- ii. In earlier years, the Punjab Government has terminated the master service agreement entered with three Indian Subsidiaries namely BEServPL, BESoIPL and BITPL vide its letter dated January 30, 2018, which was only the source of the revenue of these Companies. However, the management is making efforts to secure further contracts/business in these subsidiaries and is able to achieve success in respect of one subsidiary (Le, BEServPL) and is of the view that going concern assumption is not affected. We have relied upon the management's contention.

- iii. The trade receivables of three Indian Subsidiaries namely BEServPL, BESolPL and BITPL from Punjab Government aggregating to ₹ 6,755.69 lakhs (including amount for reimbursement of diesel and electricity expense and sale of fixed assets) as on March 31, 2020 for which recovery is slow. Further, the above-mentioned subsidiaries are in the process of account/balance reconciliations with the Punjab Government. However, management is confident that there is no impairment in the value of the amount to be recovered and we have relied upon the management's contention.

Our opinion is not modified in respect of above matters.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated financial statements of the current year. These matters were addressed in the context of our audit of the Consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion & Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon. The above information is expected to be made available to us after the date of auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes

maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditor. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the directions, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in

our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements/ financial information of 3 subsidiaries/step down subsidiaries, whose financial statements reflect total assets of ₹ 48,733.39 lakhs as at March 31, 2020, total revenue of ₹ 37,349.33 Lakhs and total net profit after tax of ₹ 8,293.17 lakhs, total comprehensive income of ₹ 8,293.17 lakhs for the year ended March 31, 2020 respectively, and net cash out flow of ₹ 3,583.38 lakhs for the year ended March 31, 2020, as included in these consolidated financial statements, which have been audited by their respective independent auditors. The independent auditors' reports on financial statements of these entities have been furnished to us and our opinion on the Statement in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of other auditors.

Annexure A to the Independent Auditors' Report to the Members of BLS International Services Limited dated June 20, 2020 on its consolidated financial statements

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2 (f) of 'Report on Other Legal and Regulatory Requirements' section

Our reporting on the internal financial control with reference to consolidated financial statement is not

applicable in respect of 12 subsidiaries (including 11 step down subsidiaries) incorporated outside India.

In conjunction with our audit of the Consolidated financial statements of BLS International Services Limited ("the Company" or the "Holding Company") as of and for the year ended March 31, 2020, we have audited the internal financial controls with reference to financial statements of the Company and its subsidiaries, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of directors of the Holding Company and its subsidiaries are responsible for establishing and maintaining internal financial controls Based on" the internal control over financial reporting criteria established by the Company considering The essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India". These Responsibilities include the design, implementation and maintenance of adequate internal financial Controls that were operating effectively for ensuring the orderly and efficient conduct of its business, Including adherence to company's policies, the safeguarding of its assets, the prevention and detection Of frauds and errors, the accuracy and completeness of the accounting records, and the timely Preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial Reporting based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

The Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- c. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiaries, which are incorporated in India, have maintained, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control with reference to financial statements criteria established by the company considering the essential components of internal

control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of Group, in so far as it relates to separate financial statements of one subsidiary Company incorporated in India, is based on the corresponding report of the auditors of such subsidiary.

Our audit report is not modified in respect of above matter.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

2. Basis of preparation, measurement and significant accounting policies

I. Basis of preparation of financial statements

(i) Statement of compliance :

The Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (IND AS) as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and relevant provisions of the Companies Act, 2013.

(ii) Basis of Consolidation

The Group consolidates entities which it owns or controls. The consolidated financial statements comprise the consolidated financial statements of the group, its controlled trusts and its subsidiaries. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The consolidated financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions, including unrealized gain / loss from such transactions, are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the group, are excluded.

Associates are entities over which the Group has significant influence but not control. Investments in associates are accounted for using the equity method of accounting. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in associates includes goodwill identified on acquisition.

In case of foreign subsidiaries, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Foreign Currency Translation Reserve (FCTR).

The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognized

in the consolidated statement of profit and loss being the profit or loss on disposal of investment in subsidiary.

Non-controlling interest's share of profit / loss of consolidated subsidiaries for the year is identified and adjusted against the income of the Group in order to arrive at the net income attributable to shareholders of the group.

Non-controlling interest's share of net assets of consolidated subsidiaries is identified and presented in the consolidated balance sheet.

(iii) Basis of preparation:

These consolidated financial statement are the separate financial statement of the company(also called the standalone financial statement) prepared in accordance with the Indian accounting standard(IND-AS) of Section 133 of the Act read together with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policy set out below: Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are presentation in Indian Rupee (Rs) and all the values are rounded off to the nearest thousand, except number of shares, face value of share, earning per share or wherever otherwise indicated.

(iv) Functional & presentation currency:

Items included in The consolidated financial statements of the group are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). The consolidated financial statements are presented in Indian National Rupee ('INR'), which is the Group's functional and presentation currency.

(v) Use of estimates:

The preparation of the consolidated financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of The consolidated financial statements and reported amounts of revenues and expenses during the period. Application of accounting policies that require critical accounting estimates

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in note.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in The consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to The consolidated financial statements.

(vi) **Current & non current classification:**

All assets and liabilities have been classified as current or non-current as per the group's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of product & activities of the group and their realization in cash and cash equivalent, the group has determined its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

II. Significant Accounting Policies

The Group has consistently applied the following accounting policies to all periods presented in the consolidated financial statements.

(a) **Revenue recognition**

Sale of Services

Revenue from the sale of services is recognized, when the entity satisfies the performance obligation by transferring promised service to the customers, the amount of revenue and costs associated with the transaction can be measured reliably and no significant uncertainty exists regarding the amount of consideration that will be derived from the sales of services. revenue from the sale of service is measured at the fair value of the consideration received or receivable, net of returns and allowances and discounts.

The group also earns revenue from providing Citizens services through Sewa Kendras of Punjab State E Governance Society which are operationally controlled, maintained and Managed by the company.

The group also provide a list of various related value added services like Courier , Domestic Money Transfer , Aadhar card etc.

Revenue from services is recognized upon receipt of money from applicants in an amount that reflects the consideration which the group receive in exchange for the services rendered.

Commission Income is recognized as per the terms of contract entered with Customers & vendors.

The group is also engaged in providing services to the bank account holders on behalf of SBI.

Other income

-Interest income

Interest income is recognized on time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head 'Other Income' in the Statement of Profit and Loss..

-Dividend income

Dividend income is recognized when the right to receive payment is established, which is generally when shareholders approve the same

-Export Incentives

Revenue is recorded on Export incentive in the form of Service Exports from India Scheme (SEIS) on accrual basis

- Rent Income

Income from sub-let of property is recognized on accrual basis in accordance with the sub-let agreement.

(b) **Property plant and equipment**

Property, plant and equipment are carried at cost of acquisition, on current cost basis less accumulated depreciation and accumulated impairment, if any. Cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalized and depreciated over the useful life of the principal item of the relevant assets. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are charge to the statement of profit and loss during the year in which they incurred.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

Depreciation is provided on written down value method over the useful lives of property, plant and equipment as estimated by management. Depreciation is provided prorata basis on written down value at the rates determined based on estimated useful lives of property, plant and equipment where applicable, prescribed under Schedule II to the Act. The residual value, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year and adjusted prospectively, if appropriate. The useful life of various class of items considered in the financial statements is as under

(c) Intangible Assets

Intangible assets are recognized, if the future economic benefits attributable to the assets are expected to flow to the group and cost of the asset can be measured reliably. All other expenditure is expensed as incurred. The same are amortized over the expected duration of benefits. Such intangible assets are measured at cost less any accumulated amortization and impairment losses, if any and are amortized over their respective individual estimated useful life on straight line method.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period and adjusted prospectively, if appropriate.

(d) Impairment

The carrying amount of property, plant and equipment, intangible assets and investment property are reviewed at each balance sheet date to assess impairment if any, based on internal / external factors. An asset is treated as impaired, when the carrying cost of asset exceeds its recoverable value, being higher of value in use and net selling price. An impairment loss is recognized as an expense in the statement of profit and loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

(e) Financial instruments

A financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

- Financial assets

Financial assets include investments, trade receivables, advances, security deposits, cash and cash equivalents.

At initial recognition, all financial assets are measured at fair value. Such financial assets are subsequently classified under following three categories according to the purpose for which they are held. The classification is reviewed at the end of each reporting period.

Financial assets at amortized cost

At the date of initial recognition, financial assets are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates. These financial assets are intended to be held until maturity. Therefore, they are subsequently measured at amortized cost by applying the effective interest rate (EIR) method to the gross carrying amount of the financial asset. The EIR amortization is included as interest income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

Financial assets at fair value through other comprehensive income

At the date of initial recognition, financial assets are held to collect contractual cash flows of principal and interest on principal amount outstanding on specified dates, as well as held for selling. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in other comprehensive income (OCI). Interest income calculated using the effective interest rate (EIR) method, impairment gain or loss and foreign exchange gain or loss are recognized in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognized in other comprehensive income is reclassified from the OCI to statement of profit and loss.

Financial assets at fair value through profit or loss

At the date of initial recognition, financial assets are held for trading, or which are measured neither at amortized cost nor at fair value through OCI. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognized in the Statement of profit and loss.

Trade receivables, advances, security deposits, cash and cash equivalents etc. are classified for measurement at amortized cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Investment in equity shares

Investments in equity securities are initially measured at cost. Any subsequent fair value gain or loss is recognized through profit or loss if such investments in equity securities are held for trading purposes. The fair value gains or losses of all other equity securities are recognized in other comprehensive income.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

Investments in subsidiaries & joint ventures

Investment in subsidiaries, associates and joint ventures are carried at cost less accumulated impairment, if any.

Impairment

The Group assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortized cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognized if the credit quality of the financial asset has deteriorated significantly since initial recognition.

De-recognition

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the group enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

Borrowings, trade payables and other financial liabilities are initially recognized at the value of the respective contractual obligations. They are subsequently measured at amortized cost. Any discount or premium on redemption / settlement is recognized in the statement of profit and loss as finance cost over the life of the liability using the effective interest method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount is included in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

(f) Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using other valuation technique. In estimating the fair value of the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair values for measurement and/ or disclosure purposes are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 - This includes financial instruments measured using quoted prices.

Level 2 - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. Derived from prices).

Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(g) Leases

Leases are recognized as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Ind AS 116 Leases

Ind AS 116 Leases was notified by MCA on 30 March 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after 1 April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less).

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

The Group intends to adopt these standards from 1 April 2019. The impact on adoption of Ind AS 116 on the financial statements is given below.

Transition to Ind AS 116

The Group is proposing to use the 'Modified Retrospective Approach' for transitioning to Ind AS 116, and take the cumulative adjustment to retained earnings, on the date of initial application (April 1, 2019). Accordingly, comparatives for the year ending or ended March 31, 2019 will not be retrospectively adjusted. The Group has elected certain available practical expedients on transition.

Group as a Lessee

Assets used under finance leases are recognized as property, plant and equipment in the Balance Sheet for an amount that corresponds to the lower of fair value and the present value of minimum lease payments determined at the inception of the lease and a liability is recognized for an equivalent amount.

The minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in the Statement of Profit and Loss. Rentals payable under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

Group as a Lessor

Leases in which the group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the group is a lessor under an operating lease, the asset is capitalized within property, plant and equipment and depreciated over its useful economic life. Payments received under operating leases are recognized in the Statement of Profit and Loss on a straight-line basis over the term of the lease.

i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a

straight-line basis from the commencement date over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. Leasehold land is amortised over a period of lease.

ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

Lease liabilities and Right-of-use assets have been presented as a separate line in the balance sheet. Lease payments have been classified as cash used in financing activities.

(h) Employee benefit

i. Provident fund

The group makes contributions to statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provisions Act, 1952, which is a

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

defined contribution plan. The Group's contributions paid/ payable under the scheme is recognized as an expense in the statement of profit and loss during the period in which the employee renders the related service.

ii. Gratuity

Gratuity is a post employment benefit and is in the nature of a defined benefit plan. The liability recognized in the balance sheet in respect of gratuity is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is determined by actuarial valuation as on the balance sheet date, using the projected unit credit method.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the year in which such gains or losses arise.

iii. Other short term benefits

Expense in respect of other short term benefit is recognized on the basis of amount paid or payable for the period during which services are rendered by the employee.

(i) Earning per share

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the group by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the group by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of The consolidated financial statements by the Board of Directors.

(j) Income Tax

Income tax expense comprises current and deferred tax. It is recognized in profit or loss except to the extent that it relates to items recognized directly in equity or in Other Comprehensive Income.

- Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the group:

- i) has a legally enforceable right to set off the recognized amounts; and
- ii) intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

- Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases used for taxation purposes.

Deferred tax is not recognized for:

- i) temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss; and
- ii) temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

A deferred income tax asset is recognized to the extent that it is probable that future taxable profits will be available against which deductible temporary differences and tax losses can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

(k) Borrowing cost

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also includes exchange differences to the extent regarded as an adjustment to the borrowing costs. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred.

(l) Cash & cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(m) Provisions, contingent assets & contingent liabilities:

A provision is recognized if, as a result of a past event, the group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. Contingent Liability is disclosed after careful evaluation of facts, uncertainties and possibility of reimbursement, unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent liabilities are not recognized but are disclosed in notes. Contingent assets are not disclosed in The consolidated financial statements unless an inflow of economic benefits is probable

(n) Foreign currency transactions

The functional and presentation currency of the group is Indian Rupee. Transactions in foreign currency are accounted for at the exchange rate prevailing on the transaction date. Gains/ losses arising on settlement as also on translation of monetary items are recognized in the Statement of Profit and Loss. Exchange differences arising on monetary items that, in substance, form part of the group's net investment in a foreign operation (having a functional currency other than Indian Rupee) are accumulated in Foreign Currency Translation Reserve.

(o) Cash flow statements

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated. The group considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

(p) Operating segments

(i) Identification of segments

The group's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the group operate.

(ii) Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

(iii) Segment accounting policies

The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting The consolidated financial statements of the group as a whole.

(q) Business combination:

Business combinations are accounted for using the acquisition accounting method as at the date of the acquisition, which is the date at which control is transferred to the group. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognized at fair values on their acquisition date. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. The group recognizes any non-controlling

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. Consideration transferred does not include amounts related to settlement of pre-existing relationships. Such amounts are recognized in the Statement of Profit and Loss.

Transaction costs are expensed as incurred, other than those incurred in relation to the issue of debt or equity securities. Any contingent consideration payable is measured at fair value at the acquisition date. Subsequent changes in the fair value of contingent consideration are recognized in the Statement of Profit and Loss.

III Significant accounting judgments, estimates & assumptions

In the process of applying the Group's accounting policies, management has made the following estimates, assumptions and judgments which have significant effect on the amounts recognized in the financial statement:

a) Income taxes

Judgment of the Management is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Group reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the consolidated financial statements.

b) Provision for contingencies

Judgment of the Management is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the group as it is not possible to predict the outcome of pending matters with accuracy.

c) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not collectible. Impairment is made on ECL, which are the present value of the cash shortfall over the expected life of the financial assets.

d) Fair Value Measurement of Financial Instruments.

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

e) Defined Benefit Plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These Includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

f) Depreciation / amortization and useful lives of property plant and equipment / intangible assets

Property, plant and equipment / Intangible assets are depreciated / amortized over their estimated useful lives, after taking into account estimated residual value. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortization to be recorded during any reporting period. The useful lives and residual values are based on the Group's historical experience with similar assets and take into account anticipated technological changes. The depreciation / amortization for future periods is revised if there are significant changes from previous estimates.

38(C). Financial Risk Management- Objectives And Policies

The Group's financial liabilities comprise mainly of borrowings, trade payable and others payable. The company's financial assets comprise mainly of investments, cash and cash equivalents, other bank balances, loans, trade payable and other receivables.

The company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk; and
- Market risk

a) Risk management framework

The Company's board of directors has the overall responsibility for the management of these risks and is supported by Management Advisory Committee that advises on the appropriate financial risk governance framework. The Company has the risk management policies and systems in place and are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company's audit committee oversees how management monitors compliance with the risk management policies and procedures, and reviews the adequacy of risk management framework in relation to the risks faced by the Company. The framework seeks to identify, assess and mitigate financial risk in order to minimise potential adverse effects on the company's financial performance.

b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligation, and arises from the operating activities primarily (trade receivables) and investing activities including deposits with banks and other corporate deposits. The company establishes an allowance for impairment that represents its estimate of expected losses in respect of financial assets. A default of financial assets is when there is a Significant increase in the credit risk which is evaluated based on the business environment. The assets are written off when the company is certain about the non-recovery.

(i) Trade receivables:

Customer credit risk is managed based on company's established policy, procedures and controls. The company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

Credit risk is reduced by receiving pre-payments. The company has a well defined sales policy to minimize its risk of credit defaults. Outstanding customer receivables are regularly monitored and assessed. Impairment analysis is performed based on historical data at each reporting date on an individual basis. However a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2020

Expected credit loss under simplified approach for Trade receivables:

(₹ in Lakh)

Ageing	As at March 31, 2020	As at March 31, 2019

More than 1 year	2,321.44	12.76
Gross carrying amount	11,274.75	17,619.49
Expected credit loss	-	-
Net carrying amount	11,274.75	17,619.49

(ii) Financial instruments and cash deposits :

The credit risk from balances/ deposit with bank and other financial assets are managed in accordance with the company's approved policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the management, and may be updated throughout the year.

Impairment on other financial instruments has been measured on the 12-month expected credit loss basis and reflects the short maturities of the exposures. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of counterparties.

Based on the assessment there is no impairment in the above financial assets.

c) Liquidity Risk

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for maintenance of liquidity, continuity of funding as well as timely settlement of debts. In addition, policies related to mitigation of risks are overseen by senior management. Management monitors the Company's net liquidity position on the basis of expected cash flows vis a vis debt service fulfillment obligation.

Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

d) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate, interest rate and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Regular interaction with bankers, intermediaries and the market participants help us to mitigate such risk.

Notes to the Consolidated Financial Statements

Foreign Currency Sensitivity

Sensitivity analysis is computed based on the changes in the income and expenses in foreign currency upon conversion into functional currency, due to exchange rate fluctuations between the previous reporting period and the current reporting period. The below table demonstrates the sensitivity to a 0.25% increase or decrease in the foreign currency against INR, with all other variable held constant. The sensitivity analysis is prepared on the net unhedged exposure of the company as at the reporting date. 0.25% represents management's assessment of reasonably possible change in foreign exchange rate.

45 Impairment Review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the group at which the assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations. During the year, the testing did not result in any impairment in the carrying amount of other assets. The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- mid-term market conditions.

Key assumptions used in value-in-use calculations are:-

(i) Operating margins (Earnings before interest and taxes), (ii) Discount Rate, (iii) Growth Rates and (iv) Capital Expenditure

- 53** The WHO declared COVID 19 outbreak Pandemic, responding to which the various governments across the world including Govt. Of India has taken serious measures to contain the spread the Virus by imposing " Lockdowns" which have been extended till 30th June by Govt. Of India and various other countries as well. The Lockdown has severely affected the International Travel and therefore our Visa Services operations have been severely affected since the last fortnight of March 2020. The Operations of Punjab Seva Kendra were also adversely affected due to imposition of Curfew by Punjab State Government. The Company has realigned its expenses by rationalising the Salary and Rental Expenses to the minimum level by renegotiating the rentals with the Landlords in order to reduce the impact on financials. With the partial lifting of lockdown the company has started reopening its offices in phase wise manner with limited staff strength following required social distancing norms and various advisories released by the Govt. The Passport and Consular services are expected to start from July 2020 onwards in selected countries as per the directives of the respective Governments. The Countries to start the visa operations will be in a phased manner from July 2020 onwards. The Company expects to the demand for its services to pick up though at moderate pace once lockdown is lifted.
