

BLS International Achieves CMMI Maturity Level 5 for DEV, SVC & Security (V3.0)

- Maturity Level 5 is the highest level under the CMMI framework, setting a new global benchmark for process excellence
- Demonstrates world-class software engineering, service management, and security practices
- Powering trusted digital public services for governments in over 100 countries

New Delhi, 28 July, 2026: BLS International Services Limited, a leading global AI-driven technology and trusted digital services partner for governments and citizens, has been appraised at **CMMI® Maturity Level 5 DEV, SVC & Security (V3.0)**, the highest level of process maturity awarded under ISACA's Capability Maturity Model Integration (CMMI) framework. This recognition affirms BLS International's commitment to operational excellence, innovation, quality, and continuous improvement in delivering mission-critical citizen services worldwide.

In an era where governments are accelerating digital transformation, trust, resilience, cybersecurity, and service quality have become strategic imperatives. The CMMI Maturity Level 5 (V3.0) appraisal recognizes BLS International's ability to operate highly optimised, data-driven, and continuously improving processes that deliver secure, scalable, and reliable digital public services across more than 100 countries.

CMMI is a proven, outcome-based performance model and the globally accepted standard for improving capability, optimizing business performance and aligning operations to business goals. CMMI Maturity Level 5 for DEV, SVC & Security demonstrates mature software development, service delivery, and cybersecurity practices that enable secure, reliable, and citizen-centric digital services

BLS International has expanded its global operations to more than 100 countries, with a strong presence across Asia, Europe, Africa, and the Americas. It continues to set global benchmarks in visa, consular, passport, biometrics, citizen, e-governance, attestation, and digital public services. The company combines AI, automation, cloud technologies, and robust governance to deliver secure, compliant, and citizen-centric services at scale.

BLS International also holds prestigious certifications, including ISO 9001:2015, ISO 27001:2013, and ISO 14001:2015, underscoring its commitment to quality, information security, and environmental responsibility.
