Strong Industry Tailwinds

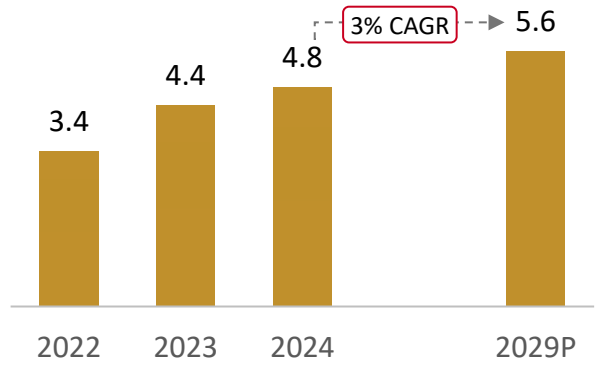

Growing Global Travel Industry & Accelerating International Arrivals

Global Travel & Tourism industry is expected to continue its growth trajectory, driven by multiple factors

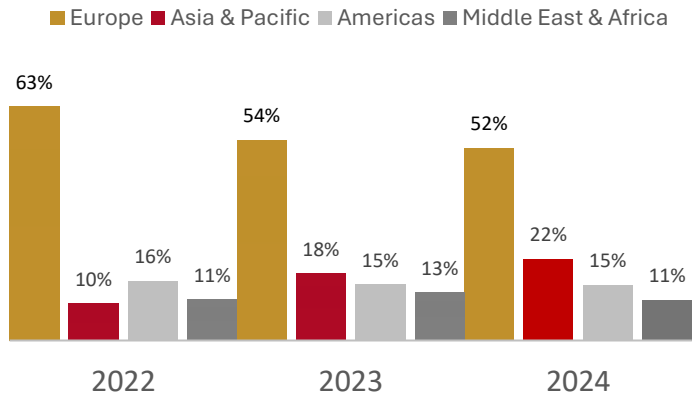

Global Travel & Tourism Industry ($ Tn)

Global Airline Passengers (Bn)

In-bound Tourism by Region of Origin (% of Total)

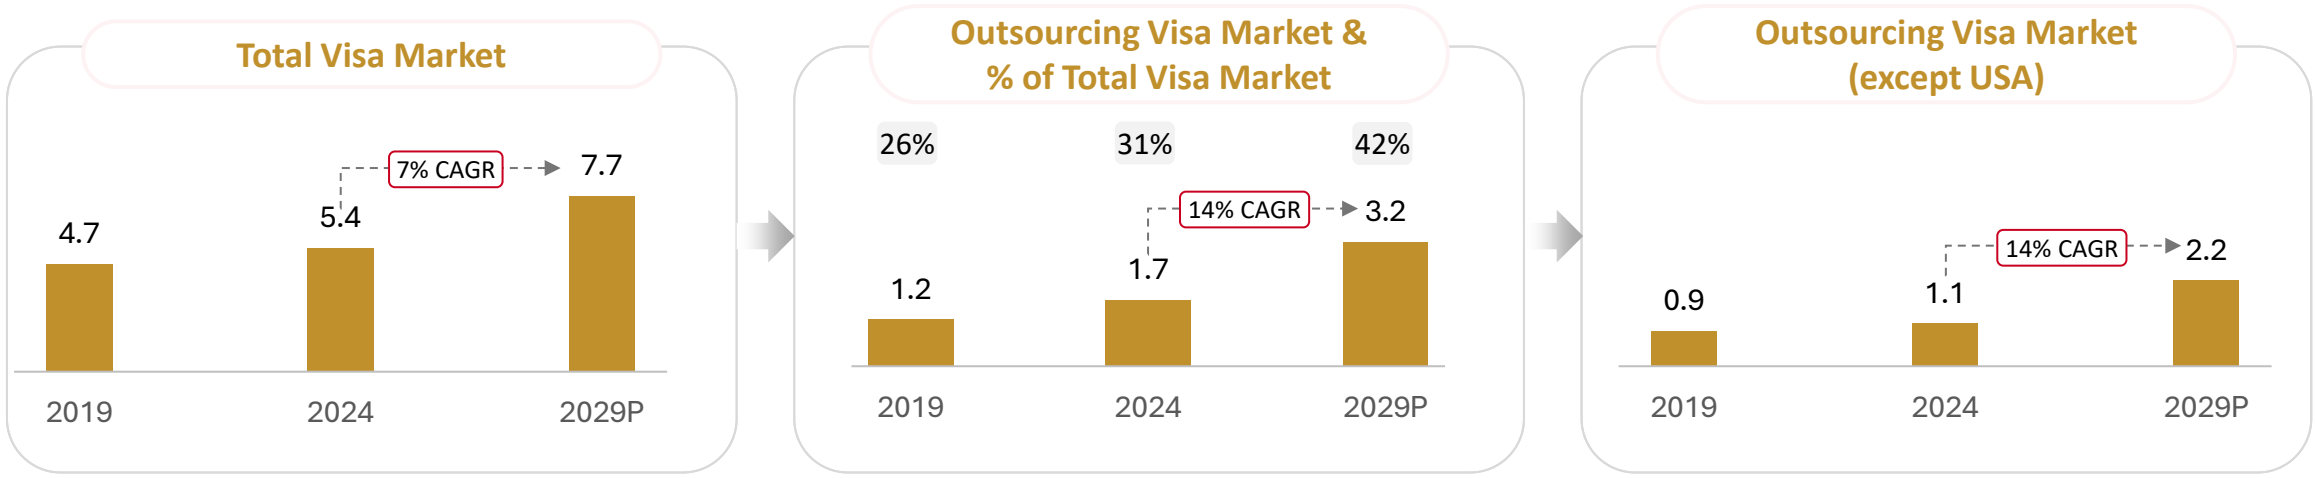

Growth Drivers of the Global Travel & Tourism Industry

- Rising disposable incomes and improved travel demand, especially in emerging markets, is driving expansion in leisure, business and experiential travel
- International tourist arrivals to rise from 1.58 Bn in FY26 to 1.80 Bn by FY30P (3% CAGR), led by Asia-Pacific recovery and 39% growth in the Middle East over pre-pandemic levels
- Govt. initiatives drive travel growth by improving infrastructure, promoting tourism, creating smoother, safer and more responsible travel experiences
- Digital visas, visa-free arrangements like ASEAN Visa, expanded air connectivity and trends such as workcations and wellness tourism sustain long-term demand

Visa Outsourcing : Scaling Efficiency in Global Visa Solutions

Governments are outsourcing Visa & Consular services to improve efficiency and effectiveness of their immigration processes

Global Visa Applications Volumes Split

Market Segmentation by Type of Visa

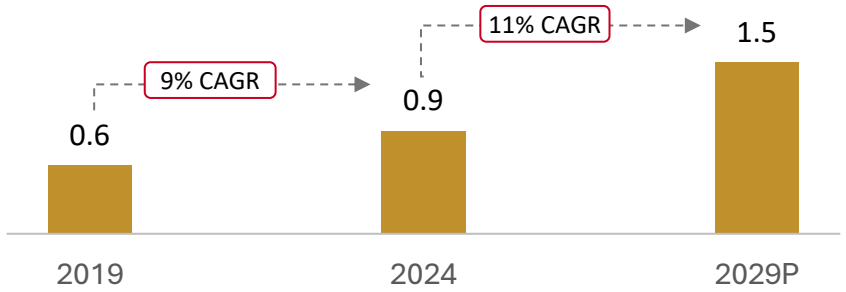

BLS is aptly positioned to ride on the growing demand of Visa outsourcing opportunity

- Total Visa Outsourced market is expected to grow at a 8.8% CAGR between 2024-29, outgrowing the growth of total visa applications
- Outsourced share of visa applications is set to rise from 38% in 2024 to 50% by 2029P, as governments turn to partners to cut operating costs, handle higher volumes and improve applicant experience
- Industry direction is shifting towards digital visa applications, personalised service offerings and subscription-based travel services, widening the addressable opportunity
- Visa outsourcing is also witnessing a rise due to advancements in automation, AI-powered verification and biometric authentication, which reduce processing time while enhancing security
- Value Added Services like form filling, travel insurance, SMS facility, courier services, lounge services, home biometrics, etc. provided by visa outsourcing players provide applicants a premium, personalised and hassle-free experience

Consular, Residency & Immigration - Adjacent G2C Growth Engines

Investment Migration Services Market by Value ($ Bn)

Global Consular Services Outsourced Market ($ Mn)

Growth Drivers of Consular Services and Citizenship by Investment (CBI)

- HNIs prefer economically stable countries providing them financial security; while citizenship in tax-efficient countries allow them to expand their business
- Political instabilities, economic downturn, and conflicts have encourage HNIs to seek citizenship in politically stable and well-governed countries
- Investment-friendly countries like UAE attract HNIs with low corporate taxes, high GDP growth, and favourable business regulations
- Many CBI programs provide visa-free or visa-on-arrival access to key financial hubs, which allows business leaders and investors to travel seamlessly for work and investments
- Consular demand widens beyond visas to national IDs, notarial services and passports (209 Mn in 2024, growing to 254 Mn by 2029P), with rising emergency and replacement needs

Outsourced consular services market to grow at 32% CAGR to $634 Mn by 2029P; BLS, via its 100% subsidiary Citizenship Invest, would expand residency and citizenship programs across various geographies
